

Enrichment Programme

We believe education does not end at the classroom door and strongly encourage all our students to participate in extra-curricular activities. Sixth Formers fulfil crucial leadership roles as prefects and mentors to the younger members of the academy community. Our students are engaged in volunteering and organising charity work within the academy and local community.

Some aspects of academy life that Sixth Form students are involved in:

- Trained reading coaches providing literacy tuition and mentoring for younger students.
- Lunch time supervisors.
- Leadership responsibility as prefects.
- Our Football Academy students coach across the year groups and within the community.
- Librarians.
- Planning, preparation and implementation of the end of term events.
- Supporting academy events.
- Student Leadership Team which is an essential representation of student voice within the Sixth Form and academy.
- Participation in community cohesion projects.
- The opportunity to participate in the Duke of Edinburgh Award Scheme.

“There is good provision in the sixth form. Students achieve well and receive good teaching, support and guidance. An increasing proportion of students continue their studies in Year 12 and Year 13 and go on to university or college. The sixth form is well led and managed.” Ofsted 2015

“Throughout my time at Sheffield Sixth Form, I have experienced challenging yet enjoyable lessons, friendly and supportive teachers and a great working atmosphere. This has allowed me to gain invaluable skills and memorable experiences that will stay with me for all my life. One thing I love about Sixth Form is that you are treated like an adult and with respect. As a student you have more responsibility over your own learning, this serves as great preparation for the future. In Sixth Form you are in control of your own decisions for the future and the staff are there with you every step of the way.”

Laura Mitchell (Head Girl)
