

Year 8

Exam type: Written/Listening

Context

Students have been learning the historical and contextual information of the development of rock and roll. They have also applied a variety of skills and understanding of music to be able to perform a piece live. This term, students have begun to learn how to read bass notation and compose a piece of dance music using music technology.

What they will need to know

Students will need to know the key contextual information on the development of rock n roll

Students must identify the key differences between two styles of music. Rock n Roll and Blues. They must compare them and note the comparisons and differences using the musical elements.

Students will need to know the notes from a treble and bass clef

Students will need to know a variety of note values.

Key Elements:

Dynamics

Rhythm

Ostinato
