

ST/KJP
1st March 2021

Dear Parents/Carers,

I hope you are well.

I am writing to you as our records show you have a child/children eligible for free school meals. As the academy will be operating a phased return of students from week commencing 8th March, and the Government's Edrened free school meal scheme has ceased, we will again be issuing food parcels for the days that your child is not on site.

These food parcels will contain a balance of items from the different food groups, to reflect a healthy balanced diet for children in line with the School Food Standards. Each parcel will provide:

- **A variety of different types of fruit and vegetables**
- **Some protein foods**
- **Some dairy and/or dairy alternatives**

Please email foodparcel@scacademy.co.uk with your child's name, date of birth and year group and the day and time you would like to collect your parcel, or contact the school office on 01922 685777. The parcels will be made available for collection from the academy's main reception between 10.00am and 12.00pm on Tuesday 9th and Wednesday 10th March. We would request that you let us know by **Thursday, 4th March** so that we have time to prepare the parcels for collection.

Thank you for your continued support.

Yours sincerely

Mr Stuart Turnbull
Principal
