

## **Sixth Form entrance criteria**

### **Academic Pathway**

To undertake advanced level courses you will require a minimum of five GCSEs in five separate subjects, at grade C or above, including English and Mathematics. BTEC qualifications will count as 1 subject and must be graded a Distinction or above.

To study Biology, Chemistry, Physics, English Language, English Literature and Mathematics a GCSE grade B is required.

(Please note: To study Biology, Chemistry or Physics, students must have studied either Triple or Additional Science)

### **Vocational Pathway (including Football Academy)**

To undertake vocational courses you will require a minimum of five GCSEs in five separate subjects, graded a D or above. Each BTEC qualification will count as 1 subject.

A minimum of either two D's in English and Maths or a C and an E is required.
